Re: Docket #04-00434-Wastewater Forum

Dear Ms. Standley,

I have received your request regarding bonding requirements imposed on wastewater companies operating within our county's geographical boundaries.

There have only been two sewer systems installed inside Lawrence County, one in Lawrenceburg and one in Loretto. There were no bonds required for either installation and our legislative court records show no reference to bonds ever having been an issue.

I am sorry that it has taken so long to get you the information requested but research had to be done so that we could be sure that the information given to you was correct. If we can be of further assistance, please let me know.

Sincerely,

Ametra Bailey
